

Our pledges

- ✗ Labour commit to working in an open, inclusive, honest, compassionate and transparent manner.
- ✗ Labour will work towards even greater community involvement in the life of the council, with an ethos that we can achieve great things by working together.
- ✗ Labour will be financially responsible and ensure robust governance arrangements for all aspects of the council's business, building on the strong fiscal foundations already in place.
- ✗ Labour will continue to support all of our local groups and sporting clubs who provide so much for all age groups in our community.
- ✗ Labour commit to continuing the work already being done to support our pensioners, and would look forward to developing this further.
- ✗ Labour will value our staff and the work they do on a day to day basis.
- ✗ Labour will work to develop opportunities for joint working and learning with our principal council and with neighbouring councils.
- ✗ Labour will work to maximise employment, social and recreational opportunities for our community in our drive to ensure Kimberley remains a good place to live.
- ✗ Labour will be your voice and share your vision for the future. If you would like to discuss any issue with any of the Labour candidates, they can be contacted through David Nunn at: davenunn64@outlook.com

A Positive Future for Kimberley

Dear Elector,

On May 7th we hope you will take the opportunity to vote in the **Kimberley Town Council elections**. We are asking for your support on this important day. We would like to work hard with you to ensure a better future for all our community. Please give us your vote.

*Rosie Bartram, Clare Colmore, Andy Cooper, Sue Cooper, Jim McDonald,
David Nunn, Jean Nunn, Susan Page, Colin Sansom*

"Effective community politics is about working together as a team. It's important to have an MP and councillors at each level who will work positively for Kimberley. I hope you will support the Labour team so we can move forward together to build and protect the Kimberley community."

Nick Palmer

Labour candidate for Broxtowe

ROSIE BARTRAM: I am a Kimberley resident and love the town's community spirit and friendly nature. I work in the Library Service, I am also Branch Chair for Notts County UNISON. These roles have allowed me to understand the local area, and have prepared me for representing people's views. I am a mum of one and am keen to promote quality education in all of our schools and to ensure that the roads around our schools are made safer. I am a proud animal activist and environmental campaigner and my aim is to always ensure that there are strong animal welfare rules and the protection of our woodland and green belt.

CLARE COLMORE: I have lived local to Kimberley for 25 years, I am proud to be standing for election to the Town Council. For the past 12 years I have worked with school governors, including those from Kimberley, to help ensure our schools give our children and young people every opportunity to reach their potential. I am currently chair of governors at two schools, and am passionate about the difference that strong and caring leadership makes to people's lives.

ANDY COOPER: As a member of Broxtowe Borough Council I have championed plans to extend the tram network from Phoenix Park to Kimberley because I believe this would be of huge financial and social benefit to our community. As a town councillor, in support of our commitment to Sport for All, I have been particularly committed to establishing Kimberley Miners Welfare Football Club on the Stag Ground and helping Kimberley Cricket and Bowls Clubs to improve their facilities. I believe in supporting local clubs and groups, and making those resources available for all.

SUE COOPER: I spent most of my working life in the health service and in recent years I have worked with a number of charities including the Hope charity and Broxtowe women's project, I have also been involved in the farmer's market and a number of other local events. In my role as town councillor, I have particularly enjoyed working with our pensioners. I am committed to working for the more vulnerable and less able in our community.

COLIN SANSOM: I have lived locally since 1985, and have previous experience as both a parish and borough councillor. Now retired following a career in teaching, I am looking forward to serving the community once again. I am a regular user of Kimberley Leisure Centre and other local amenities, and I believe that such facilities are essential in creating a strong local community.

JIM Mc DONALD: After a successful career in the NHS, I worked in a number of senior executive roles before moving into local politics and the charity sector. I am delighted to have recently been appointed chairman of a national health and social care charity. I am very proud to have served on Kimberley Town Council over the last 4 years and to have been instrumental in modernising the council, building partnerships and relationships, and developing a number of key projects. I believe strongly in championing dialogue, inclusion, empowerment and transparency, and I am committed to continuing to work this way.

DAVID NUNN: I taught in local schools and colleges for 35 years and since retirement have been involved in various aspects of Great War commemoration. Since last May it has been my privilege to chair Kimberley Town Council having been vice chair for the previous two years. I am proud of the way the council has managed a sound budget whilst demonstrating financial and moral commitment to projects benefitting a wide cross section of our community. I want to continue working hard to make Kimberley a more tolerant and fair place in which to live.

JEAN NUNN: I was a front line registered nurse in the NHS for 30 years and spent the last 8 years working in a Kimberley GP's surgery. More recently I have volunteered at a local Age Concern lunch club. I am fully committed to public services funded by taxation. As a Kimberley resident for nearly 40 years I care about making the best of our local facilities for the benefit of all our people and as a councillor I would work hard to achieve this aim.

SUSAN PAGE: I worked as a doctor at QMC for 30 years, I am married with a grown up son and daughter and I have lived in Kimberley for 28 years. I feel very strongly about environmental issues, I am a keen walker and lead walks for my local Ramblers group. I have also helped out at the DH Lawrence museum at Eastwood. As a councillor I have been involved in plans to improve the Parish Hall for those who use it, I have supported the tram extension to Kimberley and been delighted to help out at the council's pensioner events.
